

Help San Joaquin County Stop the Spread

Mid-town Stockton COVID Testing Site

Monday - Friday

9 AM | 4:30 PM

Eastland Plaza

678 N. Wilson Way

In front of Mountain Mike's Pizza

Drive Thru or walk up site. Pre-registration
recommended but not required

**In California, if you have health insurance, you are required to provide your health insurance information to be tested. You will not be charged a co-pay and most health insurance plans will cover the full cost of testing, at no expense to you. If you don't have insurance, you will not be charged for the services provided.

**When you register online you will be asked for your insurance information and to upload pictures of your physical insurance card.

- If you haven't uploaded the image and are registering at the site for the first time, a digital image of your medical card will be accepted when your physical medical card is not available.
- If you have no State issued ID and no insurance card, you must have a physical or digital image of your Social Security card.
