**COVID Hospitalizations Continue to Decrease**

French Camp, Calif. –Today hospitals operating in San Joaquin County report having 87 COVID positive patients which is a decrease of 76% compared to July 27, 2020. Demand for intensive care services remains high with adult intensive care units (ICU) operating at 102% of licensed bed capacity. San Joaquin County hospitals report 2 patient deaths due to COVID in the past 24 hours.

**What People Should Do If They Have A Medical Emergency Or Are Sick:**

Do not delay seeking care. If you are experiencing a medical emergency such as a heart attack, stroke, difficulty breathing or altered mental status contact 911 to activate the EMS system. If you are ill or sick, contact your physician or healthcare provider.

**How People Can Protect Themselves:**

We are all in this together. Every person has a role to play. Your actions save lives.

**DO:** Stay home; Avoid people outside your household; Wash hands with soap and water for at least 20 seconds; Wear a face mask when out in public; Cover your cough or sneeze; Frequently clean and disinfect touched objects and surfaces; Maintain physical distance of six feet whenever outside of the house; Stay away from work, school or other people if you become sick with respiratory symptoms like fever and cough.

###

Notes to editors:

- San Joaquin County OES in partnership with San Joaquin County EMS Agency will provide updates daily on the most current hospital statistics Monday-Friday.
- Graphs and tables will be provided showing hospital bed capacity, adult ICU capacity and historical tracking. Note: the CDPH county data monitoring website combines adult, pediatric and neonatal ICU bed capacity in its reporting.
- This document is intended to prevent and control the transmission of COVID-19 by informing the public and serves a public health purpose.
